

I am horrified that Sinclair Broadcasting, which uses our public airwaves for free, is donating time to the Republican Party by forcing its stations to air an anti-Kerry film.

In the interest of the law, and of fairness and democracy, I demand that this behavior either be stopped or be corrected, by requiring Sinclair Broadcasting to give equal time to a pro-Kerry film directly after showing the anti-Kerry film.

Many people who watch the networks are not aware of any of these behind-the-scenes dealings, and the free time being given to the Republican Party, and it is thwarting what should be a free and fair election, and an unbiased discussion between the candidates and their parties.

Thank you.
